- Stakeholder Engagement
- Time Management
- Attention to Detail
- Strategic Thinking
- Initiative & Accountability

PROFESSIONAL EXPERIENCE

Facilities Data Analyst

Paylocity, Lake Mary, FL | Jun 2024 - Apr 2025

- Leveraged HR Analytics and Workday data to reconcile headcount and seating assignments across 8+ office locations, increasing data accuracy by 30%.
- Developed dynamic Power BI and Excel dashboards to visualize space utilization and hybrid occupancy trends, directly supporting return-to-office (RTO) decisions and reducing space inefficiencies by 20%.
- Automated weekly HR-Facilities reconciliation processes, cutting manual work by 40% and improving report delivery speed.
- Analyzed multi-site food budgets and vendor pricing data to identify cost increases and purchasing inefficiencies, enabling Facilities leadership to cut unnecessary spend by 15%.
- Collaborated with cross-functional stakeholders in HR, Real Estate, and Finance to improve operational reporting and ensure alignment on space planning and forecasting.

Data Analyst

Foundation Risk Partners, Longwood, FL | Aug 2023 - Feb 2024

- Built and maintained KPI dashboards in Tableau and Excel, providing real-time visibility across 12+ departments and improving executive reporting efficiency.
- Used SQL and Python to clean, analyze, and model client engagement data, driving targeted business development decisions that contributed to a 15% lift in retention.
- Delivered campaign and performance metrics to leadership teams, enabling data-driven decisions across marketing and operations functions.
- Partnered with business leaders to refine analysis goals and automate recurring reports, reducing turnaround time on ad hoc requests by 30%.
